Assistive Technology Conference

The Building Bridges: Assistive Technology Conference will provide an opportunity to see first hand the latest in assistive technologies (AT), practices, and services for school-age students with disabilities. This AT conference will serve as a unique opportunity for area professionals, parents, administrators and service providers to exchange and gather information on the current status and consideration of assistive technology tools.

The sessions presented at the Building Bridges Assistive Technology Conference are divided into three main focus areas, which include:

- › Accessible Content and Technologies
- › Augmentative and Alternative Communication
- › AT and Mobile Devices

Lunch is provided with your registration.
