

Leadership for Continuous Improvement LEARNING SESSIONS

ENGAGEMENT - STUDENT AND TEACHER VOICE

Visible Learning: Using the SOLO Taxonomy for Student Engagement

Feb. 27, 2018

8:30 a.m. - 3:30 p.m.

Course number: 19551-17-01

Instructor: John Almarode, Corwin Press

The SOLO Taxonomy, short for the structure of observed learning outcomes, zeros in on the strengths of the learner by providing a framework for understanding the nature of his or her thinking about a particular concept or idea. The possibilities of grouping based on the nature of learners' thinking rather than on "ability" provides teachers flexibility to facilitate the development of new knowledge among learners.
